

## Chemistry of Pain Products

---

---

---

---

---

---

---

---

### Epigenetics Collagen Formula

- Soft tissue – muscles, ligaments, tendons
- Test with the skin tug test

---

---

---

---

---

---

---

---

### Epigenetics Collagen Formula

- Glycine, Lysine, Proline
  - Copper
  - Manganese
  - Folic acid
  - Magnesium
  - NADH
- } H4Biotin factors

---

---

---

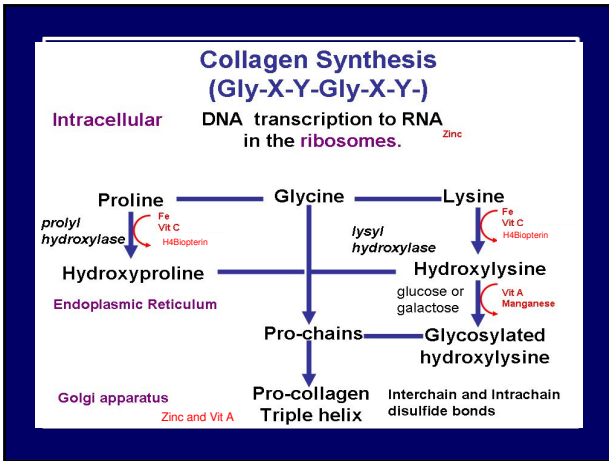

---

---

---

---

---

---

---

---

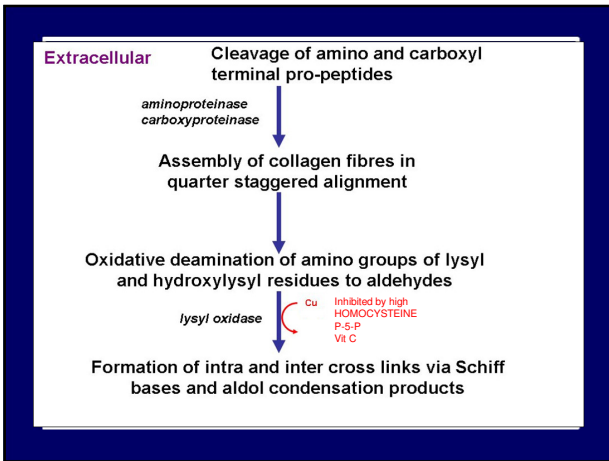

---

---

---

---

---

---

---

---

---

---

---

---

---

### Epigenetics Elastin Formula

- For elastic tissue – ligaments, lung problems, bladder problems
- Test with the Twang test

---

---

---

---

---

---

---

---

**Epigenetics Elastin Formula**

- Glycine
- Alanine
- Vitamin B6 as P5P
- Bilberry extract
- Copper

---

---

---

---

---

---

---

---

**Skin revitalization**

Main skin proteins are  
Collagen – Pyridoxal-5-phosphate  
Elastin - Methylcobalamin  
Fibrin - Adenosylcobalamin  
Fibronectin – Folinic acid

---

---

---

---

---

---

---

---

**Skin revitalization**

Main skin proteins are  
Collagen – skin stretch challenge  
Elastin – skin twang challenge  
Fibrin – crease stretch challenge  
Fibronectin – skin pressure challenge

---

---

---

---

---

---

---

---

**Epigenetics GAG Formula**

- Osteo-arthritis, degenerative joint diseases
- Cartilage

---

---

---

---

---

---

---

---

**Epigenetics GAG Formula**

- Glutamine
- Vitamin C
- Chondroitin
- Glucosamine
- Magnesium
- Bamboo as a source of silica
- manganese

---

---

---

---

---

---

---

---

**Epigenetics GAG Formula**

- Niacin
- Molybdenum

---

---

---

---

---

---

---

---

**Hyaluronic Acid Factors**

- N.Acetyl Glucosamine
- Glucuronic acid (organic Jerusalem Artichoke)

---

---

---

---

---

---

---

---

**Epigenetics Glucosamine, Chondroitin and MSM Capsules**

- Provides main components of Glycosaminoglycans (GAGs)
- Repair of cartilage
- Test by TL to a joint or the grind test
- **Glucosamine Sulphate Capsules**
- **MSM capsules**

---

---

---

---

---

---

---

---

**Epigenetics Anti-Inflammatory Products**

- **Leukotrienes Formula**
- Inhibition of lipoxygenase
- Vitamin E
- Ginger, Turmeric
- Hesperidin, Rutin
- Glutathione reduced
- Zinc & Selenium

---

---

---

---

---

---

---

---

### Epigenetics Anti-Inflammatory Products

- Prostaglandins Formula
- Magnesium
- Hesperidin
- Niacin
- Zinc
- Vitamin B6 as P5P
- Vitamin E                      Folic Acid

---

---

---

---

---

---

---

---

### Epigenetics Anti-Inflammatory Omega oil products

- Test with Ethane test vial
- Omega 3 Capsules, PC
- DNA Capsules
- Flax seed oil
- Hemp seed oil
- Pumpkin seed oil
- Evening Primrose oil
- Black Cumin seed oil

---

---

---

---

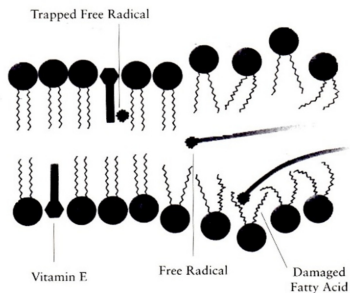

---

---

---

---

### Vitamin E Activity in Cell membrane

---

---

---

---

---

---

---

---

**Smart Vitamin E**

- Organic Wheat germ oil
- Organic Evening Primrose oil
- Organic Sesame seed oil

---

---

---

---

---

---

---

---

**Epigenetics Bone Maintenance**

- Test with a tuning fork
- Calcium, Magnesium, Manganese, Boron, Selenium
- Vitamin C, Vitamin B6 (P5P), Vitamin B12 (methylcobalamin)
- Bamboo as a rich source of silica
- Vitamin D3 2000 iu

---

---

---

---

---

---

---

---

**Epigenetics Smart Vitamin D3  
Epigenetics Smart Vitamin D3/K2**

- Vitamin D3 in a base of organic black cumin seed oil
- Provides all the activated forms of Vitamin D3
- 1000 iu per drop
- Combined with Vitamin K2 to ensure that calcium is deposited in bone and removed from arteries

---

---

---

---

---

---

---

---
